Thanks to the support of one of Alpine Canada's premier partners – Mackenzie Investments, Alpine Canada in partnership with the Provincial/Territorial Ski Associations will be providing a coaching subsidy to female coaches to help eliminate one of the barriers identified with getting more females to continue along the pathway toward completing their education in the profession of alpine ski coaching. The intent is to create an opportunity for females to be eligible for a meaningful reduction in the cost of attending coach education at the Development Level (DL) course and the Performance Level (PL) course in Alpine skiing. **MORE INFO COMING SOON!**
